Optional Extension Opportunity (What do we want you to do if you want to extend your learning?)

World War II When Japan attacked Pearl Harbor in Hawaii, the U.S. was compelled to join the Allied forces in World War II. Of course, Texas and Texans responded! Use the link below to read an article from the Texas Commission about Texas' role in the war. Answer the four questions that follow.

<https://www.thc.texas.gov/preserve/projects-and-programs/military-sites/texas-world-war-ii>

1. Describe Texas prior to the war (1940)?
2. How did the military presence in Texas affect with regards to industry and population?
3. Name at least three high profile Texans who gained notoriety because of their role in World War II?
4. How did the war and its end bring lasting progress to Texas?

If you choose to do the optional extension, upload your answers to your Google Classroom page under the "May 18th Assignment".
